THE ENTERPRISE TRUST FUND

**STATEMENT OF RESPONSIBILITY BY THE BOARD OF TRUSTEES**

for the six months ended 30 September 2003

The trustees are responsible for the maintenance of adequate accounting records and the preparation and integrity of the financial statements and the related information. The auditors are responsible for reporting on the fair presentation of the financial statements. The financial statements have been prepared in accordance with International Accounting Standards and in the manner required by the Notarial Deed of Trust.

The trustees are also responsible for the Fund's system of internal financial control. These are designed to provide reasonable, but not absolute, assurance as to the reliability of the financial statements, and to adequately safeguard, verify and maintain accountability of the assets, and to prevent and detect misstatement and loss. Nothing has come to the attention of the trustees to indicate that any material breakdown in the functioning of these controls, procedures and systems has occurred during the year under review.

The financial statements have been prepared on the going-concern basis, since the trustees have every reason to believe that the Fund has adequate resources in place to continue in operation for the foreseeable future.

The audit report of PricewaterhouseCoopers is presented on page 2.

The annual financial statements which appear on pages 3 to 22 have been approved by the board of trustees on \_\_\_\_\_ and are signed on its behalf by:

\_\_\_\_\_  
CHAIRMAN

\_\_\_\_\_  
MANAGING DIRECTOR

## **REPORT OF THE INDEPENDENT AUDITORS**

**To the Minister of Finance  
THE ENTERPRISE TRUST FUND**

We have audited the financial statements of the Fund set out on pages 5 to 22. These financial statements are the responsibility of the Fund's trustees. Our responsibility is to express an opinion on these financial statements based on our audit.

### **Scope**

We conducted our audit in accordance with International Standards of Auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements,
- assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

We believe that our audit provides a reasonable basis for our opinion.

### **Audit opinion**

In our opinion the financial statements fairly present, in all material respects, the financial position of the Fund at 30 September 2003 and the results of its operations and cash flows for the period then ended in accordance with International Accounting Standards, and in the manner required by the Notarial Deed of Trust.

**BOARD OF TRUSTEES' REPORT**

for the sixth months ended 30 September 2003

1. GENERAL REVIEW

**Individual Lending**

Lending to individuals was introduced with effect from 1 April 2004 and this was done along with our existing group lending. The new product has been well received by our clients with significant increase in number of customers from 701 at 31 March 2003 to 2123 at 30 September 2003. A Credit Committee has been established and tasked with the responsibility of making loan approval within board approved limits.

**Finalisation of the Trust**

After obtaining approval from The Government of Swaziland an orderly termination of The Enterprise Fund will be done which will facilitate the transfer of all assets and liabilities to Swaziland Development Finance Corporation Limited (FINCORP). The new company will commence operations under the new name from 1 October 2003 with Swaziland Government and Tibiyo Taka-Ngwane owning 70% and 30% of the issued shares respectively.

2. FINANCIAL RESULTS

Full details of the financial results are set out on pages 5 to 22.

## THE ENTERPRISE TRUST FUND

**SUMMARY OF ACCOUNTING POLICIES**

for the six months ended 30 September 2003

The principal accounting policies adopted in the preparation of these financial statements are set out below:

**BASIS OF PREPARATION**

The financial statements have been prepared on the historical cost basis in accordance with Swaziland and International Financial Reporting Standards.

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current event and actions, actual results ultimately may differ from those estimates.

**PROPERTY, PLANT AND EQUIPMENT**

All property, plant and equipment are stated at cost less accumulated depreciation. Depreciation is calculated on the reducing balance basis by reference to the expected useful lives of the assets concerned. The principal annual rates used for this purpose are:-

Computer Equipment	33 $\frac{1}{3}$ %
Furniture and fittings	10%
Office furniture	10%
Motor vehicle	20%

Repairs and maintenance are charged to expenses during the financial period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amounts and are included in operating profit.

**SPECIFIC AND GENERAL RISK PROVISION**

The balance of advances is reduced by the balance of the specific and general risk provisions. All known bad debts are written off. Specific provisions are made for all debts identified as doubtful. The accrual of interest on an advance is suspended immediately if reasonable doubt exists with regard to the recoverability thereof. A general provision is maintained against potential losses which have not been specifically identified, as 2% per annum of advances to intermediaries.

## THE ENTERPRISE TRUST FUND

**SUMMARY OF ACCOUNTING POLICIES** (continued)  
for the six months ended 30 September 2003**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents are carried in the balance sheet at cost. For the purposes of the cash flow statement cash and cash equivalents comprise cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are included within borrowings in current liabilities on the balance sheet.

**TRADE RECEIVABLES**

Trade receivables are carried at original invoice amount less provision made for impairment of these receivables. A provision for impairment of trade receivables is established when there is an objective evidence that the Fund will not be able to collect all amounts due according to the original terms of receivables.

**TRADE PAYABLES**

Trade payables are carried at the fair value of the consideration to be paid in future for goods or services that have been received or supplied and invoiced or formally agreed with the supplier.

**RETIREMENT BENEFITS**

The Fund's contribution to the defined contribution plan is charged to the income statement under staff costs in the year in which they relate.

**FINANCIAL INSTRUMENTS**

## Credit Risk

The Fund advances loans to various intermediaries in terms of section 3 of the Notarial Deed of Trust No. 5 of 1998. The Fund's policy is to select and approve an intermediary because of its proven successful record of credit administration or which can prove their capacity to administer credit Funds after taking into account its capability to repay the loan.

Credit risk with respect to intermediaries is dispersed due to the geographical spread and diversity of sectors serviced. The Fund performs credit evaluations of its intermediaries as far as information is available. However, due to the inherent nature of the business it may not be possible to assess past credit history of some of the intermediaries which have been recently established and due to lack of formal financial information.

It is the Fund's policy not to obtain security against advances made to intermediaries. The Fund is therefore exposed to credit risk in the event of non-performance by intermediaries on the amounts advanced.

THE ENTERPRISE TRUST FUND

**SUMMARY OF ACCOUNTING POLICIES** (continued)  
for the six months ended 30 September 2003

**FINANCIAL INSTRUMENTS** (continued)

Credit Risk (continued)

Financial assets which potentially subject the Fund to concentrations of credit risk consist principally of loans to intermediaries and trade receivables. The Fund's cash equivalents are placed with high credit quality financial institutions.

Fair Values

At 30 September 2003 the carrying amounts of cash, accounts receivable and accounts payable approximated their fair values.

## 2 ADOPTION OF IAS 39

During the period, the Fund adopted the disclosure requirements of IAS 39 with respect to treatment of general provisions on doubtful debts. The statement requires that any amounts set aside for general risk (general provisions) should be separately disclosed as appropriations of retained earnings and should not be included in the determination of net profit or loss for the period. A general risk reserve has been created for this purpose. Comparative amounts have not been restated but adjustments of previous carrying amounts have been adjusted to the opening balance of accumulated surplus through the statement of changes in equity. The effect of the change in disclosure is as follows:
